

Entrepreneurs du Monde

May 23 2016

The mission of **Entrepreneurs du Monde** (EDM) is to enable thousands of men and women living in poverty to improve their standard of living by supporting their economic initiatives and making it easier for them to access products that will greatly improve their health, the economy and the environment. EDM helps them to succeed and to achieve economic and social progress.

The association adopts a three- pronged approach based on social microfinance, social entrepreneurship and the creation of microenterprises.
