

PROPARCO

GROUPE AGENCE FRANÇAISE DE DÉVELOPPEMENT

Proparco is the private-sector financing arm of Agence Française de Développement (AFD). For 40 years we provide funding and support to both businesses and financial institutions in developing and emerging-market countries. We seek to partner projects in key development sectors: infrastructure with a specific focus on renewable energies, agribusiness, financial institutions, healthcare and education, etc. Our priority is to boost private sector investment in the achievement of the Sustainable Development Goals (SDGs). Proparco thus finances businesses whose activity is instrumental in the creation of decent jobs, the provision of essential goods and services and the fight against climate change. www.proparco.fr
